

● Features

Dual Epson heads.Ensure the high speed, high efficiency, and high quality printing.

双打印头设计, 高速, 高效, 高品质

One time mold aluminum carriage beam,high precision, durable, elegant, and built for long time use.

模块化铝制小车行动立柱, 坚固, 高精度, 美观

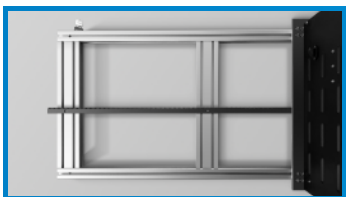

Advanced digital printing technology, photo level quality. DIY the wall freely and create an unique space.

先进的数码打印技术, 随心所欲打印个性图案, 相片级的高精度, 定制独一无二的墙面

Compact and excellent design, flexiable operation. Screw rod type transmission,accurately adjust the distance between carriage and the wall.

紧凑型设计, 精致灵活; 丝杆传动, 精确调节小车离墙距离

Maximumly use mold to build the machine frame. Easily extend the machine width.

模块化设计, 方便设备宽度延展

- ★ Italian Megadyne Belt. High quality, durable. Guarantee the smooth movement of carriage.
- ★ Integrated design of main power switch, emergency button, and UV lamp controller, easy operation.
- ★ Quality ink. Durable, water-resistance, green and environmental.
- ★ Sprinkler data signal using optical fiber integrated output. Faster, anti-interference ability, high reliability, stable transmission data.
- ★ White ink stir system is equipped. Decrease the problems caused by white ink precipitation.

● Specification

Model No.		型号	VP-30E	VP-30U
Printing Size		打印尺寸	3000mm (W) x 2000mm (H) (size could be extended)	
Printhead		喷头	2 × Epson printheads	
Resolution		精度	Max 1440dpi	
Ink 墨水	Type	种类	Pigment Ink	UV Ink
	Color	颜色	CMYK	CMYK/CMYK+W
Ink Supply		供墨	Continuous Ink Supply System	
Application		应用	Wall with different kinds of surface: Putty powder wall, latex paint wall, imitation porcelain wall, diatom mud wall, canvas wall, tiles wall, etc	
Speed 速度	Production	标准	6 Painting / hour	
	Quality	精细	5 Painting / hour	
	Photo	照片	3.5 Painting / hour	
Packing 包装	Size	尺寸	L 2700 × W 1160 × H 770mm	
	Weight	重量	170KG
